SPRING OFFERING 1948

EXHIBITION HYBRIDS OF THE FOLLOWING GENERA:

CATTLEYA, CYPRIPIEDIUM, CYMBIDIUM

All plants offered are subject to sale
and we request that no remittance be sent
until orders have been confirmed by us.

CATTLEYA GENERA

Cattleya seedlings are offered in 1 3/4 and 2 inch pots at \$3 to \$5 per plant; and in 3 inch pots at \$12.50 to \$15 per plant. Estimated flowering seasons are based on previous crosses. Well-rooted, sturdy stock. Plants of all crosses are available in 1 3/4, 2 and 3 inch pots unless otherwise indicated. All these seedlings should be potted on; they are large plants for pot sizes. Not over 20 plants of a cross to a customer.

Crosses marked with an asterisk are experimental and are commercial flowers. The experimental crosses are priced as follows: in 1 3/4 and 2 inch pots, \$1. to \$3; and in 3 inch pots, \$5 to \$9.

CYPRIPIEDIUM GENERA

Judging by the quality of the 4000 seedlings we have flowered this year and last, we consider this to be an outstanding offering of Cypripediums. Plants with leaves averaging 3 inches are priced at \$7; those with leaves 4 to 5 inches, at \$10; those with leaves 6 inches and over, at \$15 to \$20; and a limited number of flowering size plants at \$30. Not over 15 plants of a cross to a customer.

Crosses marked with an asterisk are experimental and are commercial flowers. The experimental crosses are priced as follows: plants with leaves averaging 3 inches, \$2; those with leaves 4 to 5 inches, \$5; and those with leaves 6 inches and over, \$8 to \$10.

CYMBIDIUM GENERA

Cymbidium seedlings with leaves 4 to 6 inches are priced at \$3; those with leaves 6 to 8 inches, at \$5; those with leaves 8 to 10 inches, at \$8; those with leaves 10 to 15 inches, at \$12; and those with leaves over 15 inches, at \$15. All are well-rooted plants and should be potted on.

Note: In ordering, if plants are sold prior to your order, state whether or not you will allow us to substitute other crosses of equal quality, some of which are not offered in this listing.
